Charges Are Invited By the Committee.

(Herald Special.)  
Washington, D. C., Jan. 22.—The organization of the joint senate and house committee, appointed to conduct the Ballinger-Pinchot investigation, was perfected at a meeting held today. Senator Nelson of Minnesota was elected chairman and McCall of Massachusetts was elected vice chair-

man. The former was authorized to employ a clerk and a stenographer. The committee decided it would receive charges from any responsible source. Chairman Nelson was authorized to confer with Ballinger, Pinchot, Glavis, Price and Shaw regarding the manner of proceeding. The committee will hold another meeting next Tuesday.

## THIRTY-ONE KNOWN DEAD A BUILDING COLLAPSED

And Possibly Many Others Are the Victims of Floods In Eastern and Southern France.

(Herald Special.)  
Paris, Jan. 22.—Thirty-one deaths are already reported from the flooded sections of France, and this number will probably fall far short of the actual number who have lost their lives. The reports from the stricken places are so far very meagre. The rains have ceased, but the Rhine, Seine and other rivers continue to rise and are spreading havoc throughout southern and eastern France.

(Herald Special.)  
Charleroi, Belgium, Jan. 22.—Many persons are believed to have been killed today by the collapse of a large building here, the wreckage almost burying a passenger train standing nearby. Scores of people are missing and are believed to be buried under the debris. Workmen are digging frantically, hoping to rescue some of the victims alive. Most of those who were in and near the building and who escaped death are more or less injured.

## WILL LOSE HIS RIGHT EYE

And the Sight of the Other Is Threatened—Tom Taggart Leaves For His Home.

(Herald Special.)  
Natchez, Miss., Jan. 22.—Thomas Taggart, former national chairman of the democratic central committee, who was wounded while out hunting yesterday, being accidentally shot by his private secretary, Mr. Norton, left today for his home in Indianapolis, accompanied by the secretary and a physician, and J. J. Bell, an attorney, who was a member of the hunting party. The shot will cost Mr. Taggart the loss of his right eye.

Physician's Opinion.

(Herald Special.)  
Natchez, Miss., Jan. 22.—Just before leaving here for Indianapolis, Dr. French, who accompanies Mr. Taggart, learned that a shot passed through the outer coat of the right eyeball and will destroy the sight. The doctor thinks the eye will probably have to be removed. The sight of the left eye is also threatened.

## WHOLE TOWN IS IN FLIGHT

To Escape Death By a Big Avalanche of Snow Descending on the Town of Machies, Italy.

(Herald Special.)  
Rome, Jan. 22.—Practically the entire population of the town of Machies is in flight today to escape death threatened by a big snow avalanche which is descending on the town, and which momentarily threatens to bury the village. An unprecedented number of avalanches are reported throughout Switzerland, due to the recent heavy snows and rains.

LOST A HAND.

Boy Severely Injured While at Work in Manual Training School.

Marlin, Texas, Jan. 21.—While working at the planing machine in the manual training department at the public school yesterday, Irwin Ernst, a boy about 12 years of age, had his hand so badly lacerated that it was necessary to remove the member at the wrist. The accident happened at a time when the manual training teacher, Mr. Roddy, was in an adjoining room. The machinery is run by electricity, and the accident was done in a second. Other similar but less severe accidents have been wrought by the same machine, and it was immediately removed from the department.

## A BUILDING COLLAPSED

And Many Were Killed in the Wreckage at Charleroi, Belgium—Passenger Train Buried.

(Herald Special.)  
Charleroi, Belgium, Jan. 22.—Many persons are believed to have been killed today by the collapse of a large building here, the wreckage almost burying a passenger train standing nearby. Scores of people are missing and are believed to be buried under the debris. Workmen are digging frantically, hoping to rescue some of the victims alive. Most of those who were in and near the building and who escaped death are more or less injured.

PATRICK'S LAST MOVE.

Applies For Habeas Corpus Writ to Defend Himself.

New York, Jan. 21.—Albert T. Patrick, who is serving a life term for the murder of William Marsh Rice, made application today to the appellate division of the supreme court for a writ of habeas corpus, allowing him to appear and resist the action for his disbarment which the Bar Association has brought. In this way Patrick, it is said, may get his case again before the courts and secure another chance for freedom. Decision is reserved.

## TO HAVE GRANITE SHAFT

For a Monument—Granite Bob, Bull Terrier, Lost His Life Protecting Family.

(Herald Special.)  
St. Louis, Mo., Jan. 22.—Granite Bob, a bull terrier which died defending his master and was buried with ceremony in the Granite City grave yard, will rest in the shadow of a granite shaft erected in his memory. The shaft will cost one thousand dollars. Granite Bob was a descendant of dogdom's four hundred and was owned by William Moss of Granite City. Three times while Moss was away from home the dog drove burglars from the house where Mrs. Moss and two children were staying alone. He lost his life during the third visit, after having driven the burglars from the house. They left poison and the dog swallowed it. Physicians worked valiantly to save the life of the canine. An autopsy revealed traces of strychnine, and Bob was buried after regular funeral services were held.
